

OUSD(R&E) Foreign Travel Brief Request

Purpose: The purpose of this form is to notify the R&E Security Office of your intention to travel to a foreign country either officially, unofficially or both. This form also notifies the Air Force Office of Special Investigations(AFOSI) office of your intentions in the event that additional security briefings are necessary. Though all DoD travelers who maintain a TS/SCI clearance are required to complete and submit this form and MUST receive a country specific briefing prior to travel, it is strongly encouraged that all foreign country travelers, regardless of clearance level, notify AFOSI for country specific information.
